Approval of Minutes -- [posted on website](#)

Guest Speaker: Janet Fleming – Work Day Student

Project going on for a year now, the hope is that by fall 2024 all students will be in workday rather than in webstar or peoplesoft and we will process all their registration and financial aid and fees in workday

Workday went live in jan 2021 with HR, payroll, finance, and grants. It's been an adventure

My hope is that we can get the word out that we work through the project and make sure that everyone is informed when this go-live occurs because it will impact everyone.

Timeline: the go-lives match the student life cycle

Academic foundation – all of the aspects of the institution (colleges, departments, grades, etc)

Recruiting and admissions – recently there was a decision to handle admissions through target x. we will need to integrate workday with TargetX. We'll need to test that integration.

Records, curriculum, and advising

Financial aid / student financials – things handled through the bursar

RIGHT NOW: in October, students applying for Fall 2024 will begin being entered in Workday

The MTP 2 is when we move all students (IE currently enrolled) to workday.

There will be a period when we've got students in both workday and peoplesoft.

Everything is going as planned and we're under budget!

Currently there is a process in peoplesoft that feeds student workers to workday. Workday student will mean we can get rid of that integration because the workday student will be integrated into staff workday.

Executive Committee Reports

President: Randall Menard

1. **DEI Committee:** if you have an event, please let us know so we can spread the word. We are going to be tracking these events, so we really need to know.
2. **Weave:** In July, we will be inviting everyone to do weave together instead of having these feedback emails throughout the semester. Also the president and the provost will complete theirs first, so those who are below the VP / Pres, we can align with them.
3. **Budget Committee:** We do anticipate growth in fall 2023. We talked about the academic partnership so we'll have notes on that coming up in April.
 - a) Cost containment measures are still in effect.
 - b) Bernhardt trucks were here this morning, that contract is in full force and starting.
 - c) Next year there will be no HERF funding
4. **Faculty Senate:** CANVAS – campus wide survey has been sent out

Vice-President: Edgar Avila Jr.

Treasurer: Willis Brewer

Recording Secretary: Coleen Maidlow

Corresponding Secretary: Julie Landry

Committee Reports

Staff Concerns & Opportunities Committee:

1. **Comp time / overtime request:** you need to put in an overtime request first, that gets approved, then you can go in and add your comp time.
2. **Follow up on concerns:** outstanding – evaluation for supervisors, 4-day workweek, forced leave days (please reach out to Karen if you have questions about forced leave days, working them, etc)
3. **Future concern:** Student workers and federal work-study pay discrepancy

Events Committee: The good news our tennis courts have been rented out; the bad news is this means we'll have to look into a later date for our next pickleball meet-up

Awards Committee: Service with Jazz January: LaTasha Gonzales, February: Christopher Gill

Wellness Committee: We'll have another pickleball session at the end of March. Date TBA

Communication Committee: We had one meeting Gertraud, Brian, Coleen. We'll send out a brief survey to get an idea of what we need to address and include

BRUNO is live – Our Chat AI. It is currently being used for currently enrolled students – connects with students to answer questions, connect them with help, get a sense of whether they will re-enroll and help them get registered. Bruno texts students about once a week. Colm & Co meet every couple of weeks to touch base and ensure we're maximizing the use of this tool. If you have any questions, please reach out to LeeAnne

Attached under the minutes is the Fall 22 Recap Report!
