The Advanced Materials Research Institute (AMRI) at the University of New Orleans announces summer research positions in Chemistry, Physics, Biochemistry, and Materials Science. These positions are open to students who will complete 9th, 10th, or 11th grade by June 2019. Participants will work in state-of-the-art scientific research facilities alongside experienced research scientists. No prior experience is necessary. Full-time positions begin June 3rd and end July 25th 2019, and are accompanied by a stipend of up to $2000 depending on availability of funding. Participants must be at least 15 years old by June 1, 2019. Full time commitment for the ENTIRE summer is a requirement of program participants.

Applications must be received by March 15, 2019. Notification of acceptance to the program will be made via e-mail.

In addition, submit the following supporting documents:

- Three letters of recommendation (directly from teachers, guidance counselors, employers, etc. on organizational letterhead)
- An official high school transcript (Sent and signed directly from a school official)
- Personal statement indicating your career goals, and describing why you want to participate in this program (maximum, 750 words):

Send supporting documents by email to amri@uno.edu or by mail to:

Advanced Materials Research Institute, SC 2048
University of New Orleans
2000 Lakeshore Drive
New Orleans, LA 70148

All application materials must be received by 4:00 PM on March 15, 2019. Application form available online:

https://www.uno.edu/amri/research-program-high-school-students-teachers.aspx

For further information, contact AMRI at (504) 280-6840 or amri@uno.edu.

The University of New Orleans is an Equal Opportunity/Affirmative Action Employer. Applications from women and minorities are encouraged.
